EDUCATION

Karpagam College Of Engineering, B.E Computer Science & Engineering (Cyber Security) Currently pursuing B.E. in Computer Science & Engineering (Cyber Security) with core training in programming and computer science fundamentals.	Sep 2024 – Sep 2028 Coimbatore, India
Kendriya Vidyalaya Coimbatore, Senior Secondary Education (CBSE) Completed CBSE Senior Secondary education with a strong academic foundation in science and mathematics.	Jun 2012 – Mar 2024 Coimbatore, India
Kendriya Vidyalaya, Coimbatore, Secondary Education (CBSE) Completed CBSE Secondary education under the CBSE curriculum.	Jun 2018 – Mar 2020 Coimbatore, India

SKILLS

C | C++ | JAVA | DataStructures | OOP | DBMS | OS | Git/Github | Python – currently pursuing | Computer Networks – currently pursuing | REST API | Linux | Design Tools – Adobe Photoshop (Basics)

PROJECTS

Zero-Based Inbox Processor, AI-Based Inbox Automation Tool 🏆 Developed an AI-based system to convert unstructured inbox text into structured, actionable output using schema-enforced processing and task categorization logic. Technologies Used: Python, Gemini AI Pydantic Schema Enforcement AI Agents(Gemini AI)	Nov-2025 – Ongoing
AI-Powered Real-Time Sentiment Analysis Browser Extension, <i>Real-time sentiment analysis across online platforms.</i> Built a Chrome extension for real-time sentiment analysis of online content using an AI-based backend, featuring CSP-safe architecture, sentiment labeling, and aggregated visual insights. Technologies Chrome Extension (Manifest V3) JavaScript HTML, CSS Python, Flask NLP Sentiment Analysis DOM Manipulation MutationObserver	Dec-2025 – Ongoing

CERTIFICATES

ISC2 Candidate – Registered ISC2 Candidate with foundational knowledge of cybersecurity principles, security operations, and risk management.

Cybersecurity Analyst Job Simulation – Completed hands-on job simulation covering threat analysis, security incident response, and cyber risk assessment.

AWS Cloud Practitioner Essentials – Learned core cloud concepts, AWS services, security fundamentals, and cloud pricing models.

Hacker's Gambit – OWASP National Level CTF – Participated in a national-level Capture The Flag competition focused on web security and vulnerability analysis.

LANGUAGES

English		Tamil	
Hindi		German	
		currently pursuing	

INTERESTS

Software Automation – Developing practical automation tools | **Cybersecurity** – Threat analysis and security concepts | **Artificial Intelligence & NLP** – Building AI-driven text analysis systems | **Competitive Programming** – Logical problem solving and algorithms

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
